

## SKILL-3

ID: 2100031023

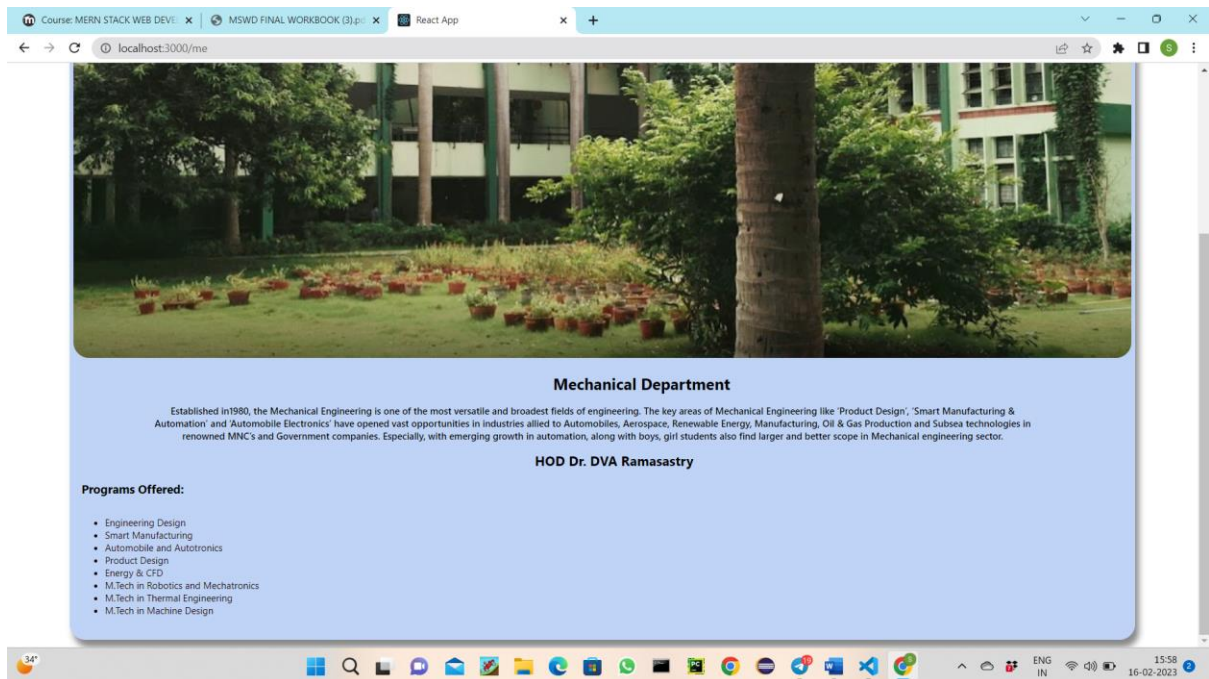

Name: S Likith Sai Reddy

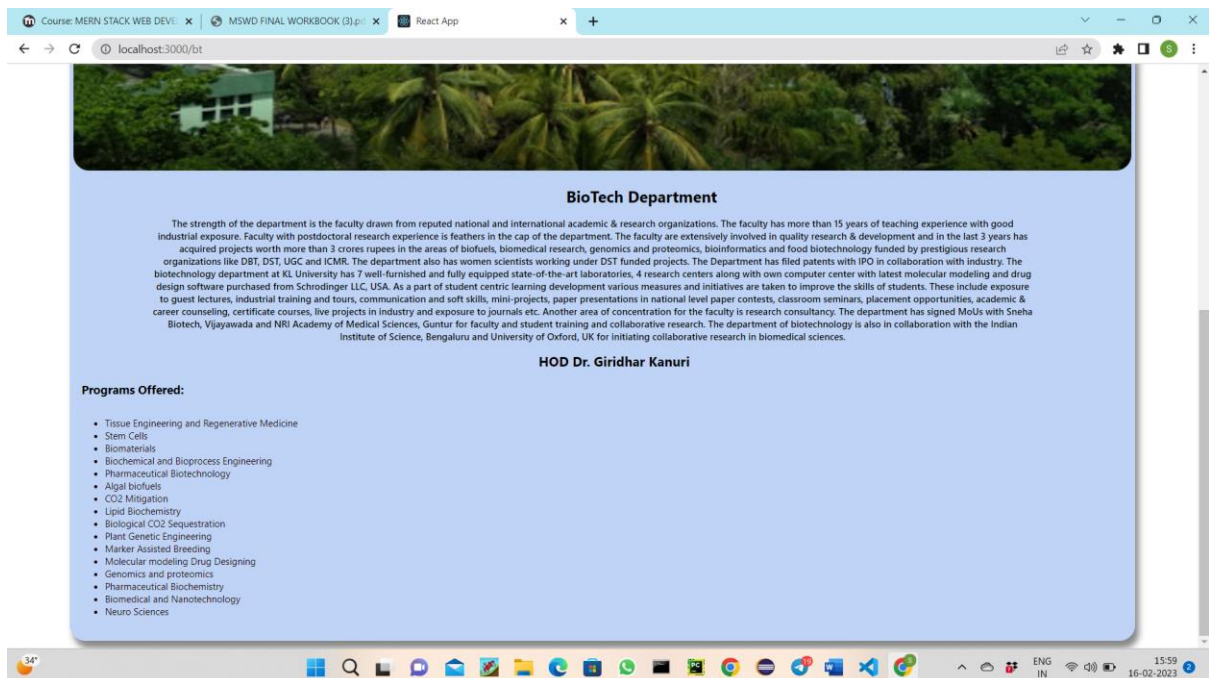

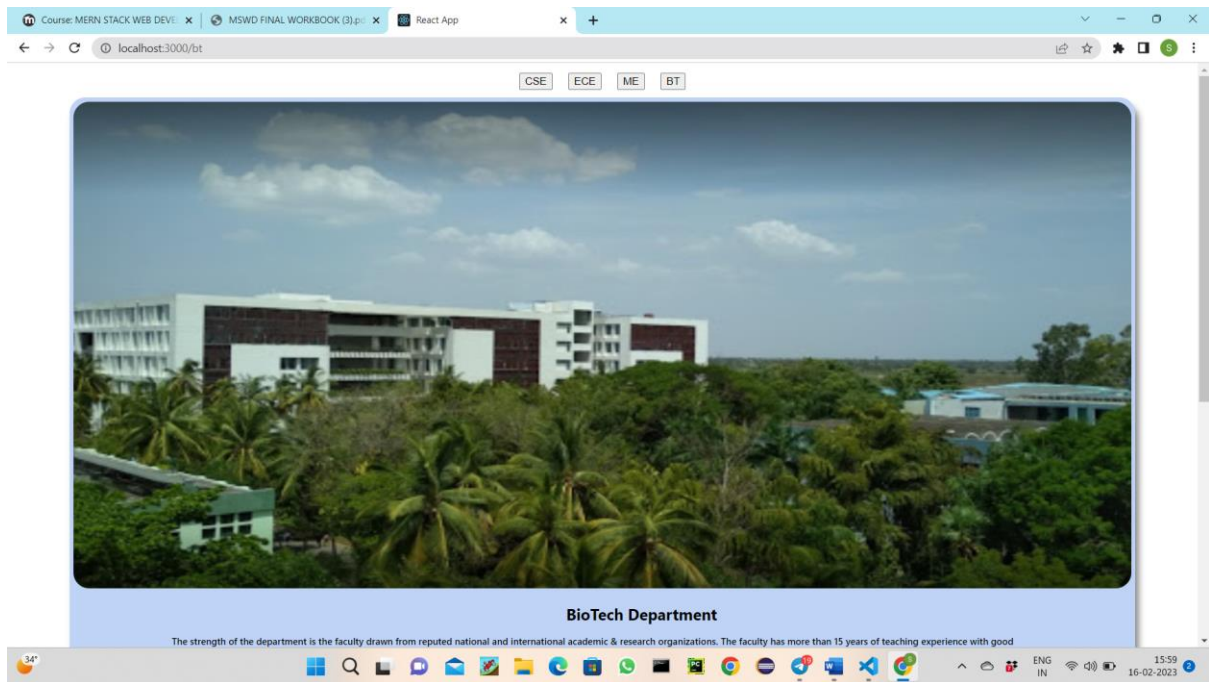

OUTPUT:

### App.js:

```
// import logo from './logo.jpg';
// import klu from './klu.png';
import './App.css';
import Cse from './components/Cse';
import Ece from './components/Ece';
import Me from './components/Me';
import Bt from './components/Bt';
import Navigation from './components/Navigation';
import { BrowserRouter, Routes, Route } from 'react-router-dom'; //npm i
react-router-dom to install react-router-dom package in client cmd
//BrowserRouter, Routes and Route are used to route from one page to another
like from signup to login etc.
import { Container, Toolbar, AppBar } from '@material-ui/core'; //npm i
@material-ui/core --force to install @material-ui/core package in client cmd

function App() {
  return(
    <div className="App">
      <Navigation />
      <div className='App-body'>
        <BrowserRouter>
          <Routes>
            <Route path="/" element={<Cse />} />
            <Route path="/cse" element={<Cse />} />
            <Route path="/ece" element={<Ece />} />
            <Route path="/me" element={<Me />} />
            <Route path="/bt" element={<Bt />} />
          </Routes>
        </BrowserRouter>
      </div>
    </div>
  );
}

export default App;
```

### App.css:

```
.App-body {
  min-height: 100vh;
```

```

display: flex;
/* align-items: center; */
justify-content: center;
font-size: calc(10px + 2vmin);
color: rgb(21, 1, 1);
}
.App{
padding: 10px;
}

```

**Navigation.js:**

```

import { Box } from '@material-ui/core';
import './navi.css';
export default function Navigation() {
  return (
    <div className='navigation'>
      <a href="/cse" className='butn'><button>CSE</button></a>
      <a href="/ece" className='butn'><button>ECE</button></a>
      <a href="/me" className='butn'><button>ME</button></a>
      <a href="/bt" className='butn'><button>BT</button></a>
    </div>
  );
}

```

**navi.css:**

```

.navigation{
  text-align: center;
  margin-bottom: 10px;
}
.butn{
  margin-left: 10px;
  margin-right: 10px;
}

```

**Cse.js:**

```

import logocse from './logocse.jpg';
import './file.css';
function Cse(){
  return(

        <h1 className='head'>Electrical Department</h1>
        <p className='para'>Welcome to the Department of Electrical &
Electronics Engineering at Koneru Lakshmaiah Education Foundation. We started
our journey in the year of 1995. Over the last few decades, we have grown our
expertise and competence in the core Electrical & Electronics Engineering
curriculum and research. We have a strong undergraduate program in Electrical
& Electronics engineering, including B. Tech, M. Tech. dual degree program. At
the postgraduate level, we offer M. Tech., & M. Tech., by Research and PhD
degrees. The sanctioned students' strengths of B. Tech., M. Tech., and M.
Tech., by research are respectively 60, 36 and 10 per year. At present, the
department has 167 PhD scholars. Several sponsored candidates from industries
and research laboratories carry out their postgraduate studies in our
department.</p>
      </div>
      <div className='prog'>

```

        <h1 className='head'>BioTech Department</h1>
        <p className='para'>The strength of the department is the
faculty drawn from reputed national and international academic & research
organizations. The faculty has more than 15 years of teaching experience with
good industrial exposure. Faculty with postdoctoral research experience is
feathers in the cap of the department. The faculty are extensively involved in
quality research & development and in the last 3 years has acquired projects
worth more than 3 crores rupees in the areas of biofuels, biomedical research,
genomics and proteomics, bioinformatics and food biotechnology funded by
prestigious research organizations like DBT, DST, UGC and ICMR. The department
also has women scientists working under DST funded projects. The Department
has filed patents with IPO in collaboration with industry. The biotechnology
department at KL University has 7 well-furnished and fully equipped state-of-
the-art laboratories, 4 research centers along with own computer center with
latest molecular modeling and drug design software purchased from Schrodinger
LLC, USA. As a part of student centric learning development various measures
and initiatives are taken to improve the skills of students. These include
exposure to guest lectures, industrial training and tours, communication and
soft skills, mini-projects, paper presentations in national level paper
contests, classroom seminars, placement opportunities, academic & career
counseling, certificate courses, live projects in industry and exposure to
journals etc. Another area of concentration for the faculty is research
consultancy. The department has signed MoUs with Sneha Biotech, Vijayawada and
NRI Academy of Medical Sciences, Guntur for faculty and student training and
collaborative research. The department of biotechnology is also in
collaboration with the Indian Institute of Science, Bengaluru and University
of Oxford, UK for initiating collaborative research in biomedical
sciences.</p>
